

UP AGAINST IT

G

Am

All the walls crumbled and all
the dreams died

C

I was forced to stop and take
a good look inside

Am

They told me I was up against
it

G

Am

On my way home, I took an
unexpected rest

C

I wound up being put to the
ultimate test

Am

C

G

They told me I was up against
it

D

C

What once seemed important
doesn't mean a thing

D

C

Gotta find the time to stop
and hear the church bells
when they ring

D

C

Won't be long before I hear
the angels sing

Am

C

G

They told me I was up against
it

Runnin' in the valley in the
shadow of death

Gotta remember to stop and
catch my breath

They told me I'm up against it

In that lonesome valley that
you must walk by yourself

There's only one way to ask
for help

They told me I'm up against it

Daily trials and troubles must
be put to rest

Want every minute to be my
best

Keep this heart beatin' in my
chest
They told me I'm up against it

Should've heard the warnin',
but I guess I didn't hear
Now I'm face to face with my
worst fear
They told me I'm up against it

Thought I could make it on my
own
Now I know what it means to
really be alone
They told me I'm up against it

Things that drive me crazy
Will just have to go
All the manmade problems, I
don't wanna know
I'm goin' out fast, I'm goin'
down slow
They told me I'm up against it
